## ASSURED QUALITY FOR CONTEMPORARY LIVING

### Environmentally friendly

We are committed to protect the environment with globally recognised sustainability practices and policies on conservation.

Low VOC and Odour

APEO Free

### APEO Free Low VOC and Odour

Our products are carefully formulated to reduce harmful toxins and environmental contaminants. With low odour, they provide a more comfortable painting experience and allow for quicker occupancy upon completing the painting projects.

SIRIM ECO-LABEL

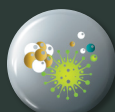

SIRIM

### SIRIM certified

Our products are certified to meet stringent standards, reflecting a strong commitment to quality and safety.

## FORMULATED FOR PEACE OF MIND

Safer, more hygienic homes and commercial buildings are increasingly important to our modern society. Our interior paints are formulated to support elevated standards of cleanliness and safety using uniquely formulated natural additives to repel viruses and bacteria. As such, they're also ideal for sensitive environments such as kindergartens, hospitals and medical research facilities.

Anti-viral

Anti-bacterial

Air-purifying and Detoxifying

Deodorisation

Easily Wipe Clean Dirty Hand Marks

Withstand Vigorous Washing

Our products offer different combinations of the features above.

Precious Peony R3-A1-3

Turquoise Sky G7-A2-1

Pretty in pink R3-A2-1

# A SPECTRUM OF **BENEFITS**

Withstanding tough climate is just one of many features you'll get with our exterior paints. They also offer excellent fungal and algae growth resistance, as well as strong colour retention to keep walls looking elegant for years.

Quality is essential in our range of products. With SIRIM certification and performance warranty of up to 10 years\*, our paints will meet your strictest expectations. What's more, they are made to be environmentally friendly and safe for users with low VOC and odour, as well as no added lead or mercury.

## SEALERS AND PRIMERS ARE ESSENTIAL. HERE'S WHY:

**They promote excellent adherence**

Having the topcoat bond properly with the substrate is absolutely important. Failing which, paint will begin to deteriorate and peel prematurely.

**They save money and time**

Primers and sealers can help you get the complete coverage and texture you need without using too many coats of paint. They also protect painted surfaces, requiring less frequent repainting.

**They ensure better surface texture**

Effectively hide wall imperfections and natural blemishes. They also ensure that your walls stay vibrant and presentable for years.

# EXTERIOR

# PRODUCT KEY FEATURES

Low Sheen

## ALES WEATHERCOAT HYBRID Self-cleaning Paint

- 10 years protection\*
- Self-cleaning paint
- Acrylic resin - withstand tough climate
- Excellent fungal and algae resistance
- Excellent colour retention
- Tough synthetic finish - washable

Low Sheen

## PAR WEATHERCOAT Tropical Climate Protection

- 7 years protection\*
- Acrylic resin - withstand tough climate
- Excellent fungal and algae resistance
- Excellent colour retention
- Tough synthetic finish - washable
