Elevate your walls with SUPER CROWN WHITE, the high-performance white paint. Engineered with advanced Japan technology.

- 👑 **Superior Hiding Power**
- 👑 **Superior Scrub Resistance**
- 👑 **Long-Lasting Performance**
- 👑 **Smooth & Flawless Finish**

# PERFORMANCE COMPARISON

## Hiding Power Test

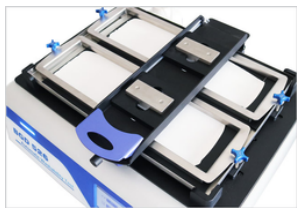

We put SUPER CROWN WHITE to the test against competitors using one- and two-coat roller applications on black and white cement board panels. The results speak for themselves:

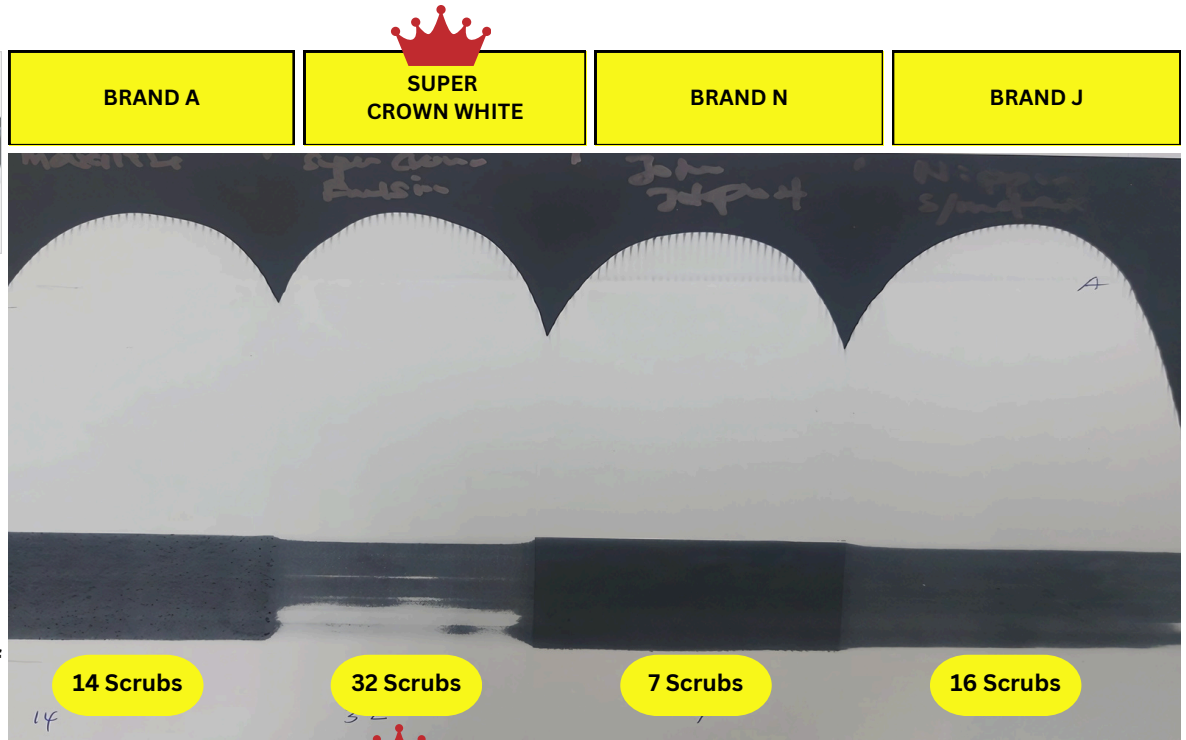

**BEST Hiding Power**

## Wet Scrub Test (ASTM D2486) – Superior Scrub Resistance

ASTM D2486 is a global ASTM international standard method to measure a paint's resistance to wear and tear from washing and scrubbing. Higher scrub cycles indicate better durability, reducing the tendency for chalking over time.

Wet Abrasion Scrub Tester

**BEST Scrub Resistance**

Higher number of scrub cycles indicates better scrubability.
